WORK EXPERIENCES

Software Engineer Intern | Internship

Jun 2025 - Jul 2025

Intel Univen Program

Remote • Pune, India

- Designed reusable quiz components for an **LMS** across **4+ modules/screens**, enhancing UI consistency and minimizing duplicated implementations.
- Optimized frontend architecture by resolving UI/layout issues across **multiple screens and components**, significantly improving layout consistency and code maintainability.
- Collaborated with cross-functional teams to streamline **2+ quiz workflows**, enhancing usability in quiz creation and delivery processes.

Technologies / Skills Used : JavaScript, React, Node.js

PROJECTS

Chatty | 🐙 Chatty

- Developed** a real-time chat application using the **MERN stack**, featuring **JWT authentication** and **WebSockets** for seamless bidirectional messaging.
- Implemented** online user presence tracking and global state management with **Zustand**, facilitating real-time UI state synchronization across components.
- Designed REST APIs** and integrated Socket.io to enable effective real-time communication between clients.
- Created** a responsive chat UI with state synchronization, ensuring a consistent user experience across multiple devices.

Technologies / Tools Used : MERN, Socket.io, Zustand

Clout Vortex | 🐙 Clout Vortex

- Developed interactive frontend animations using requestAnimationFrame for smooth rendering
- Optimized DOM manipulation, improving performance and frame rates

Technologies / Tools Used : JavaScript, React, Tailwind CSS

Personal Portfolio | 🐙 Personal Portfolio

- Built multiple portfolio versions including modern UI, retro Windows-style, and interactive layouts
- Focused on responsive design, accessibility, and performance optimization

Technologies / Tools Used : HTML, CSS, JavaScript

SKILLS

Frameworks Libraries : MERN Stack, NumPy, Pandas

Programming Languages : Java, Python, JavaScript, SQL

Soft Skills : Problem Solving

Tools Platforms : Git, VS Code, PyCharm, IntelliJ, Eclipse, Linux

EDUCATIONS

GLA University | India

Aug 2023 - Present

Bachelor of Technology in Computer Science

- Coursework: Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks, OOP

The Vivekananda School

CGPA : 8.2

Senior Secondary

Aravali International School

CGPA : 9.2

Secondary

EXTRACURRICULAR & LEADERSHIP

- PR Member**, Google Developer Group (GDG), GLA University
- Anchor**, TEDxGLAU 2024
